

MARINE LOGISTICS & OFFSHORE SUPPORT

SSC@SILVER-CASPIAN.COM

ABOUT

«Silver Shipping Caspian» LLP is a Kazakhstani maritime logistics operator.

SSC brings together experienced professionals in maritime logistics with 30 years of industry experience.

We have successfully executed dozens of major projects supporting maritime operations in the Northern Caspian, delivering oversize cargo, providing agency services, and fleet management.

We offer a fleet of over 40 vessels of various types that perform a wide range of tasks: barges, tugs for transporting oversize cargo and operating in shallow water conditions, passenger boats for personnel transportation, specialized fleet for supporting offshore units, anchor handling, and other tasks at sea and on the shelf.

We provide vessels for charter based on standard BIMCO terms and perform towing operations and transportation of various cargoes, including oversize cargoes, «turnkey» across the Caspian Sea and on inland waterways of Russia.

The advantages of our company are centered around the resources we utilize to execute projects:

- Our own fleet and chartered fleet in operation;
- Exclusive contracts with subcontractors;
- Financial capability to acquire a specialized fleet for specific projects;
- Competence and years of successful experience enable us to effectively tackle even the most complex tasks, earning us the respect of esteemed clients and entrusted responsibility for significant projects.

We maintain reliable and long-standing partnerships with shipowners, suppliers, shipyards, port infrastructures, and other counterparts. This enables us to fulfill tasks of varying complexity within the required timelines for our clients.

SERVICES

«Silver Shipping Caspian» LLP offers a comprehensive range of fleet chartering services, as well as related services:

- Fleet technical management with the engagement of local companies for vessel maintenance and repair;
- Recruitment of qualified and experienced maritime personnel in compliance with Kazakhstan's local content requirements;
- Procurement and delivery of ship equipment from authorized manufacturers;
- Development of company documentation (technical plans, testing, manuals) and obtaining approval from Kazakhstan authorities;
- Fleet repair management and supervision of new vessel construction;
- Agency services in ports of Kazakhstan and Russia;
- Organization of transit through Russia's inland waterways;
- Vessel audits;
- Fleet brokerage services for purchase and sale. **NEW**

Silver Shipping Caspian is continuously evolving, and the range of services offered is expanding. The company now includes pre-sale vessel audits and fleet brokerage services for purchase and sale among its offered services.
